Subj: Letter of recommendation Lieutenant Tobias Siegal

To whom it may concern,

1. LT Tobias Siegal is one of the top officers I have worked with in my 8 years of service and one of the hardest working and dedicated Lieutenant I have ever served with.
2. For context, I have served as the Head of the International Fellowship and Cooperation Desk at the Israel National Defense College and IDF Military Colleges as the commanding officer of Lieutenant Tobias Siegal. I have known this Lieutenant for over two years.
3. Lieutenant Siegal is at the top of my officers' profile, and I consider him at the top 3% within his community of IDF International Liaison officers at large. I have come to see his professional skills during the his service, from leading research projects, building the foundations for a professional translation office for all materials (academic or professional) for the Colleges international students, accompanying senior leaders and officers throughout their visits to the Military College and commanding an office of 8 Non-Commissioned Officers.
4. I have known Lieutenant Tobias Siegal from his enlistment to the IDF and therefore can speak to his entire career in the IDF. Lieutenant Siegal is both professional and holds great personal skills, he is well liked by his peers, commanders and subordinates. As a commander in the IDF International Liaison corps I can attest to his tremendous capabilities and truly believe your organization will benefit greatly from having him on your team.
