IDF MILITARY COLLEGES

AUGUST 2019

Dear Ambassador James Jeffrey,

On behalf of the Israel National Defense College, I would like to thank you for delivering an insightful brief to our participants.

An integral component of defense and strategy studies at the INDC is maintaining and deepening the participants' understanding of Middle Eastern affairs. It is critical for participants to be up-to-date on the latest thinking in Middle Eastern Policy.

Your experience in foreign policy, as the United States Special Representative for Syria Engagement and the Special Envoy for the Global Coalition to Defeat ISIL, was fascinating. We greatly appreciate you taking time out of your busy schedule to participate in our tour of Washington, D.C.

Best wishes,

Major General  **Itai Veruv**
Commandant of the Military Colleges
