

Military Colleges Administration

To INDC participants,

Welcome to Haifa University

Greetings,

The Military Colleges Administration at Haifa University welcomes you upon the beginning of the academic season as part of the INDC curriculum for the academic year of 2019-2020.

During the study day at Haifa, as well as throughout the academic season, we will do everything in our power to provide you with an excellent and relevant academic learning experience, which will enrich you personally and expand your national defense studies.

Haifa University offers great teachers in these fields, who are at your disposal, as well as the necessary resources for an intensive learning process which is also attentive to your needs. Mount Carmel Campus is opening its gates to you, offering all of its facilities including the best academic library in Israel, various food courts and a gym.

This year, you will also be inaugurating the **new plenum** that was especially constructed in order to meet the INDC needs. The plenum is equipped with the newest equipment which suits an advanced learning environment. The plenum also includes an adjacent translation booth that will serve the international participants.

We hope that you manage to make good use of this busy time of learning ahead of you, that you enjoy the atmosphere at campus, the beautiful Haifa scenery, the Galilee and its valleys, and the mountain breeze of Mount Carmel.

The Military Colleges Administration is at your disposal for any assistance you might need while studying and staying at the Carmel Campus.

Use the short time we have to 'bombard' you with information – and share your knowledge, experience and views with us, in order to create a rich and productive discussion and a multi-layered intellectual experience.

Wishing you a wonderful and successful year – and especially at Haifa University!
