BG Effie Defrin
Commander, International Division
Israeli Defense Forces
Tel Aviv, Israel

Dear Gen Defrin,

We hope all is well. JINSA would like to bring a delegation of active duty US military officers representing the USA, USN, USMC and USAF as part of our US Military Leadership Program (USMLP).

This trip will be extremely informative for these officers to learn first hand about Operation Guardian Walls as well as the regional threats and challenges Israel faces on its borders.

We were scheduled to visit this week and formally request an adjustment to have the delegation arrive Saturday, 19 June and depart Israel, Saturday, 26 June.

Thank you for considering this request and appreciate your approval soonest.

Sincerely,

Harris Vederman
National Outreach and Program Director
The Jewish Institute for National Security of America (JINSA)
