

**DEPUTY COMMANDER OF THE  
HUNGARIAN DEFENCE FORCES**

Mr Yaniv Friedman  
The Dado Center for Interdisciplinary Military Studies  
Tel Aviv, Israel

Budapest, October 16 2019

Dear Mr Friedman,

The Scientific Research Department of the Hungarian Defence Forces Command is organizing an international conference with the title *New Dimensions and Generational Leap in Warfare* on 7-8 November 2019 in Budapest. The purpose of the conference is examine the effects of the economic developments and advances in information technology on the international security system and on the warfare.

On behalf of the organizers I hereby request that you present your paper "*Anti-Access / Area Denial Capabilities of Non-State Belligerents.*" The time available for the presentation is 20 minutes. After the presentations as well as during the panel discussions time will also be available for questions and answers. Additionally, I request that on the second day of the conference you participate in the plenary session discussions, whose goal is to distil the conclusions and recommendations of the conference, for later presentation as policy recommendations to decision makers of the NATO Alliance and the member nations.

The Hungarian Defence Forces shall cover your travel expenses, and provide accommodation at its guest house for the duration of the conference.

If you have any questions, please direct them to Dr Peter A. Kiss ([kiss.almos@hm.gov.hu](mailto:kiss.almos@hm.gov.hu), mobile: +36 70 292 0246).

Yours sincerely

  
Lt.Gen. Gábor Böröndi  
Hungarian Defence Forces  
Deputy Commander
