

ISRAEL DEFENSE FORCES
HEAD OF THE MILITARY COLLEGES

Letter of Recommendation for Marlee Ifrah

To whom this may concern,

Marlee has been serving in the Israel National Defense College (INDC) for almost two years. The INDC is the highest-ranking course in which top ranking officials from the IDF, Israel's security system, and foreign militaries come to study for a year before being promoted to senior positions. She has been placed in the secretariat of the college, and has been doing her job outstandingly and diligently.

Her exceptional work ethic does not go unnoticed. It has happened on more than one occasion that Marlee stayed in the office after hours to help organize events. I am sure that Marlee's abilities will help her succeed in her studies and any future position she may hold.

Sincerely,

MAJ Eti Hagag
Head of Administration Branch
IDF Military Colleges
