#### **Customization!**

We're always happy to recommend menus and tailor menu items for your events. Our menus include options for guests who require vegan, gluten-free and nut-free meals.

#### **Displays**

Our standard presentation is on disposable round aluminum platters with a clear lid that can be "popped off" when you are ready to serve. We also offer our upscale white disposable square and rectangular platters for an upcharge. Similarly, our disposable plates/utensils are clear and heavyweight (see pricing on the last page) but we offer a "faux-china" ivory disposable for events that need to be a bit more special!

#### **Minimum Order**

Our requested minimum for all orders is 250.00. If your order is less than that amount, please ask - when our schedule permits we are happy to accommodate.

#### **Delivery**

Delivery is an additional fee and is based on the size & delivery distance of your order. We can also arrange for courier delivery if your order is below our minimum.

#### **Staffed Events**

These menus are intended for drop-off service, but we can always arrange waiters to assist with your event. Please inquire for more information.

#### **Full-Service Events**

We provide full-service catering through our sister company, Esprit Events – [www.espritevents.com](http://www.espritevents.com) also under the OU Supervision. For more information – [info@espritevents.com](mailto:info@espritevents.com)
